Diet Diary for: _____ **Beginning Date:** _____

The purpose of this diary is to provide you and your doctor with an unbiased record of your normal eating habits. Simply eat your typical diet for seven days in succession (or longer if directed) and record it. Under the “Breakfast”, “Lunch” and “Dinner” columns, list foods and beverages consumed, ingredients and amounts –remember to include snacks as well. Under “BM times”, list bowel movement quality and frequency; under “Notes”, list symptoms such as mood swings, indigestion, headaches, fatigue, etc and the timing of onset.
